CURTAIN WALL

CURTAIN WALL

Product Features

- Material: aluminum
- Finish: powder coated
- 110~250mm system depths
- 50 mm width / 50 mm ~ 300 mm length
- 5 mm U bracket galvanized
- Glazing: 10-45 mm single or double or triple
- Field glazed
- U-Value:1.1w(m2k)
- Solar factor: 15%~35%
- U-Factor:1.6~4.0
- Excellent wind load resistance performance/water-tightness performance/air permeability performance
- Life Cycle : 50 Years
